LED Lighting

Pro-Par's expansive LED offering covers a multitude of applications such as Stop/Turn/Tail, Marker/Clearance, Back-up, Pedestal and more. With solid-state construction and superior diodes making upgrading to LED the right choice.

- Instantaneous response time
- Complies with applicable FMVSS108 & SAE standards
- 85% reduction of load on electrical systems
- Solid-state construction
- Fully encapsulated circuit board prevents corrosion & moisture damage
- Polycarbonate lens & housing provides stronger impact resistance
